The Board seeks to ensure that Latitude is properly managed to protect and enhance Shareholder interests, and that the Company and its Directors, officers and personnel operate in an environment of appropriate corporate governance.

The Board has created a governance framework for managing Latitude, including adopting relevant internal controls, risk management processes and corporate policies and practices which it believes are appropriate for Latitude's business and which are designed to promote the responsible management and conduct of Latitude.

The Board has adopted a written charter to provide a framework for the effective operation of the Board⁴ including the matters that are specifically reserved to the Board.

Latitude Corporate Governance Statement

In accordance with the ASX Principles and ASX Listing Rules, the Latitude Audit Committee comprises at least three Non-Executive Directors, a majority of whom are independent, and an independent chair who is not the Chairman of the Board.

The Risk Committee, Remuneration & People Committee and Technology Committee will each comprise at least three Non-Executive Directors and an independent chair who is not the Chairman of the Board. However, each of these Committees will not initially be made up of a majority of independent Directors, particularly as required by Recommendations 7.1 (with respect to the Risk Committee) and 8.1 (with respect to the Remuneration & People Committee). There is no specific recommendation that the Technology Committee have a majority of independent directors.

The Board has considered the Company's immediate requirements as it transitions to an ASX-listed company and is satisfied that the composition of the Board and its Committees reflects an appropriate range of, skills, diversity, corporate knowledge and experience for the Company after Listing to enable it to discharge its duties and responsibilities effectively.

The Company acknowledges the ASX Recommendation 2.1 that the Company have a Nomination Committee, and notes that the Board will not initially establish a separate Nomination Committee. The Board will itself be responsible for nomination responsibilities, including succession and ensuring that the Board has an appropriate balance of skills, knowledge, experience, independence and diversity to enable it to perform its role effectively. Executive succession planning will also be addressed by the Remuneration & People Committee.

The Board believes that it will be able to discharge these responsibilities and deal effectively with Board composition and succession issues, without a separate committee undertaking this function. The Board will review these arrangements periodically, having regard to the Board's renewal program and workload.

INDEPENDENCE OF THE BOARD AND BOARD COMMITTEES

The Board considers an independent Director to be a Non-Executive Director who is not a member of Management and who is free of any business or other relationship that could materially interfere with or reasonably be perceived to interfere with the independent and unfettered exercise of their judgement. The Board has adopted a Board Independence Policy⁶ and a definition of independence that is based on the definition set out in the fourth edition of the ASX Principles. The Board will consider the materiality of any given relationship on a case-by-case basis.

The Board considers that each of Michael Tilley, Mark Joiner and Alison Ledger is free from any interest, position, association or relationship that might influence or reasonably be perceived to influence, the independent exercise of the Director's judgement and that each of them is able to fulfil the role of independent Director for the purpose of the ASX Principles.

Ahmed Fahour is considered by the Board not to be independent on the basis that he is the Managing Director & CEO of the Company. In addition, Scott Bookmyer, James Corcoran and Beau Pontax (each a Shareholder Representative Director) are not currently considered by the Board to fulfil the role of independent Director.

⁶ A copy of the Board Independence Policy is provided on the website.

Latitude Corporate Governance Statement

Accordingly, upon Listing, the Board will not consist of a majority of independent Directors as recommended in Recommendation 2.4 of the ASX Principles. Despite this, the Board has considered the Company's immediate requirements as it transitions to an ASX-listed company and is satisfied that the composition of the Board reflects an appropriate range of corporate memory, independence, skills and experience for the Company after Listing.

The Board has formally considered the independence of each of Scott Bookmyer, James Corcoran and Beaux Pontak. It has concluded for each of these directors that their relationships as Shareholder Representatives does not compromise their ability to bring an independent judgment to bear on matters before the Board and, additionally, that each of the Shareholder Representative Directors will make invaluable contributions to Latitude through their deep understanding of its business and the industry in which it operates.

The Board will regularly review the independence of each Director, and any subsequent Directors appointed, in light of interests disclosed to the Board and will disclose any change to the ASX, as required by the ASX Listing Rules.

Each Director must bring an independent view and unbiased and unfettered judgement to the Board and Board Committees and must declare all actual or potential conflicts of interest on an ongoing basis (all conflicts will be managed in accordance with the Board Conflict of Interest Policy⁷). Any issue concerning a Director's ability to properly act as a Director must be discussed at a Board meeting as soon as practicable.

BOARD SKILLS MATRIX

Latitude recognises the importance of a diverse Board including diversity in skills, experiences, gender and behavioural styles and characteristics.

The Board regularly undertakes a Skills Matrix assessment⁸ of the Board's composition to assess the skills and experience of each director and the combined capabilities of the Board. The assessment is made in reference to the governance required to support Latitude's strategic direction and skills and experience to support the Board and committee operations.
